権現岳 Mt. Gongendake

古くから信仰されてきた権現岳。険しい山脈に は地すべりや雪崩の跡が深く刻まれ、東側のすそ 野には万年雪を抱きます。

一方、山麓には温泉や天然ガスがわくなど自然 の厳しさと恵みを体感できるエリアです。

Mt. Gongendake has long been an object of worship for the local people. It's rugged face, scarred deeply by countless avalanches, hides pockets of permanent snow.

Despite the ever present danger of avalanches, the mountain also blesses the people below with clear hot springs and abundant natural gas, used in local homes for heating and cooking to this day.
